What in the world..
..should I do?
Just..

FamilyMart
Bounce
I can't stop myself from eating convenience store fast food before dinner on my way home from work.

I can't lie to myself.
And I know that Tamaki won't be happy
Even so..!

Ah!
It's that!!

Energy drinks make video games go smoothly!

I can tell because I've worn it so much myself!
THUMP THUMP

UNIQLO'S skinny fit tapered jeans!!

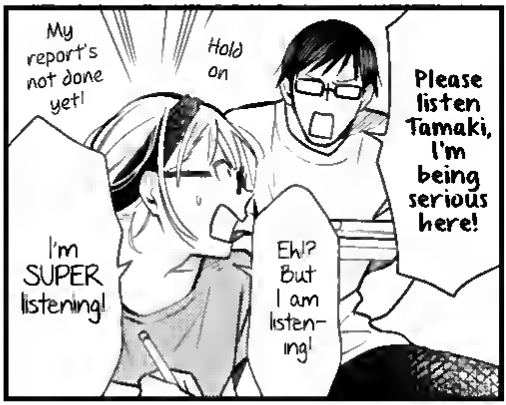
I recognize it
You're wearing those jeans

Somehow...
He seems cooler than me...?
Wow they really do look good!
So good... Yup!
Eh?
Maybe it's not from UNIQLO?
Something more expensive?
No, that can't be..
Just..
What in the world...

In the end...
I couldn't understand why he looked so cool even though he was wearing the same pair of jeans.
Hmmm...

.....
Write
Write...
.....

But the reason is obvious.
Isn't he just better looking than you?
That's not it!!
!
That may be it, but still...



My report's not done yet!
Hold on
Please listen Tamaki, I'm being serious here!
I'm SUPER listening!
Eh!? But I am listening!

Then, what about that person's coordination?
Try describing him, from top to bottom.
I can't remember the details...
Just in general is fine
But can you recall what left the biggest impression?
Let's see white shirt a backpack...
Black jeans
Black socks...
Black shoes maybe?
TWITCH
So that's what it is...
That guy knows what he's doing.
I get it too.
Really!?
This weekend
we're going shopping for it.

ABC MART
ABC-M
That's it! This is it!
Really, really

Z, even!!
We've already bought a black pair of jeans,
so you just need black shoes and black socks now.
The problem is about matching the colors used for your lower half.
Why this one?
Black looks good on anything.
But there are this many types of shoes though...
But you can be cheap and orthodox and still look cool.
These are a pair of Converse sneakers.
Ooh!
Ugh
Your paycheck is coming up, right?

SMILE
SMILE
cha-ching
Ice cream!!
EXCITED
What should we get?
I'll treat you to something.

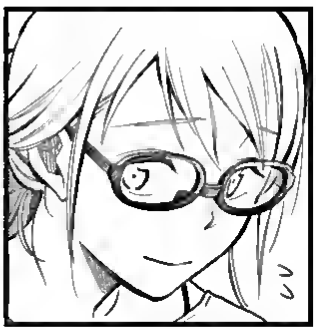
NEVER BEFORE SEEN

Under this fine weather,
no quarrels or fighting, just a nice, quiet stroll...
Onii-chan is slowly becoming more fashionable,
and I get to eat good food.
.....
.....?
Such a wonderful world we live in huh, onii-chan.
Yeah, I guess so.
I get that matching the colors of my lower half will make me look cooler.
However...
Tamaki, can I ask you a question?

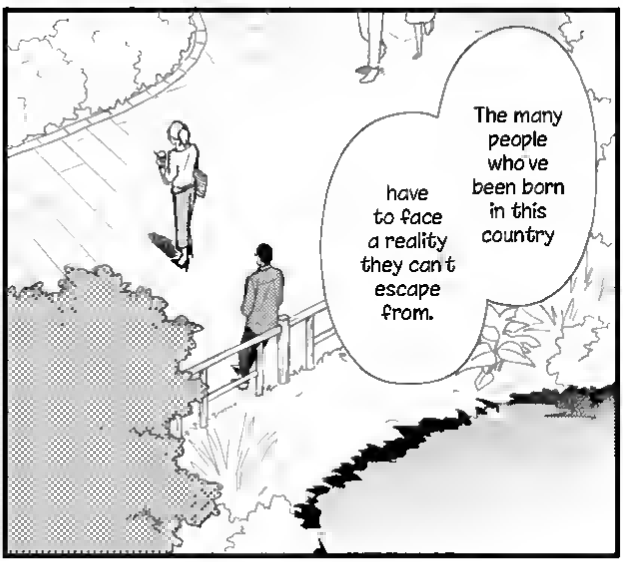
.....
.....
?
You're asking... that?
Yeah?

Why can't I look cool wearing something else?

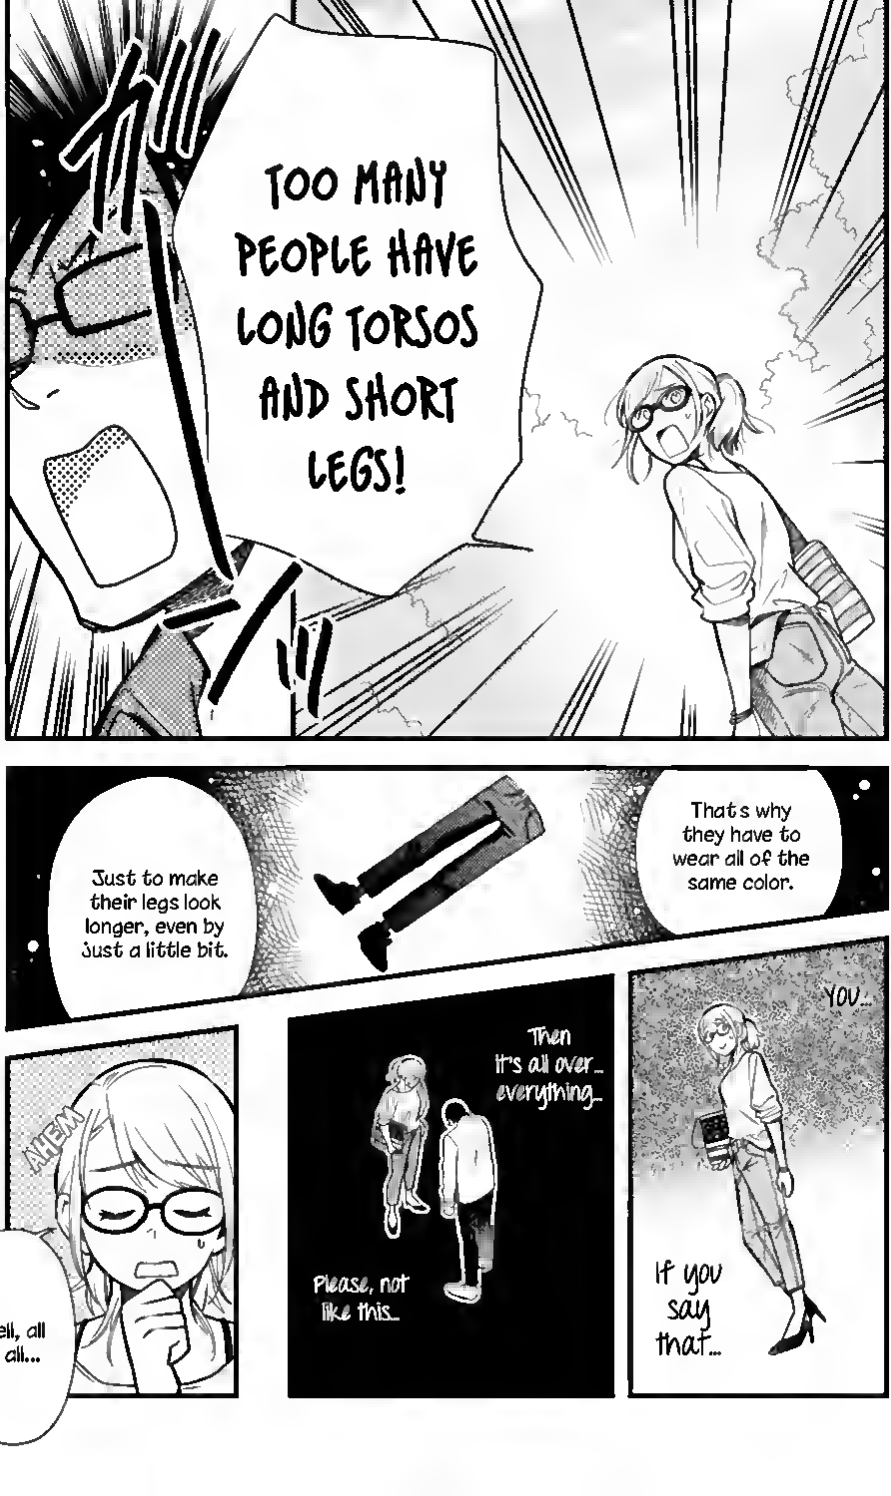
ABC MART
That's right.
I guess onii-chan has not understood that...



That is...
The "Japanese Physique".



The many people who've been born in this country
have to face a reality they can't escape from.



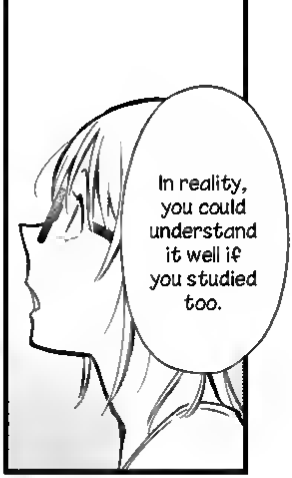
TOO MANY PEOPLE HAVE LONG TORSOS AND SHORT LEGS!
That's why they have to wear all of the same color.
Just to make their legs look longer, even by just a little bit.
YOU...
If you say that...
Then it's all over... everything...
Please, not like this...
AHEM
Well, all in all...

...so you end up having to rely on visual tricks.
Women can wear high heels, which makes them look trendy while also lengthening their legs.
But you can't wear heels in men's fashion.
You look like you're in pain_
Mm-mm So that's how it is_
Yeah, I guess so...
You should think about what you can do with it.
You can't lament over what you've been born with.
So I'm just hiding my short legs_
but now I just feel embarrassed for deceiving people...
You're so uncooperative!!
I understand the reason now,

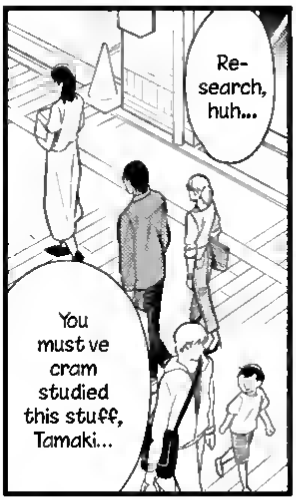
Think about that person's outfit from earlier today. You thought it was cool, right?
Well, fashion isn't limited to just that.
.....
So, at the very least, don't deny that emotion.
You should just think of these tricks as a way of doing things.
Well, it's not like I was forced to say this.
You're always so positive.
Gloomy

Since when did you become so knowledgeable about fashion?
Wasn't I always?
Hey, Tamaki.
Hm?
I was interested in it a few years ago, so I did some research.
But in actuality, it never amounted to anything.
.....
.....
Crepes, 5 of them.
So that's the price of information...
Crepes.

Women's fashion trends for things like colors and accessories rotate in and out constantly.
You might look out of fashion wearing last year's clothes.
Ehh
I'm bad with that sort of stuff

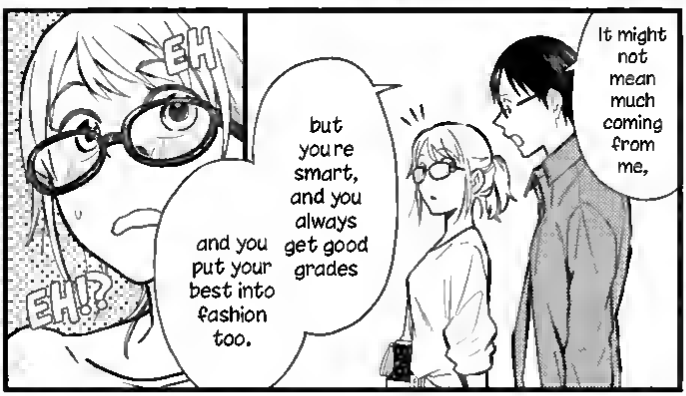


In reality, you could understand it well if you studied too.



Re-search, huh...
You must've cram studied this stuff, Tamaki...

But it's not the same for men.
If you can grasp the basics, you can look trendy anytime.

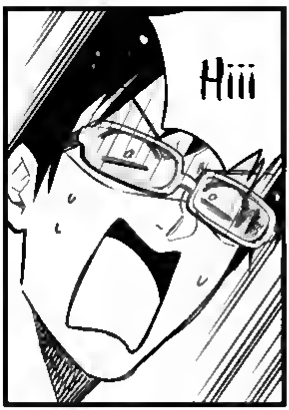


It might not mean much coming from me,
but you're smart, and you always get good grades
and you put your best into fashion too.
EH
EH!?

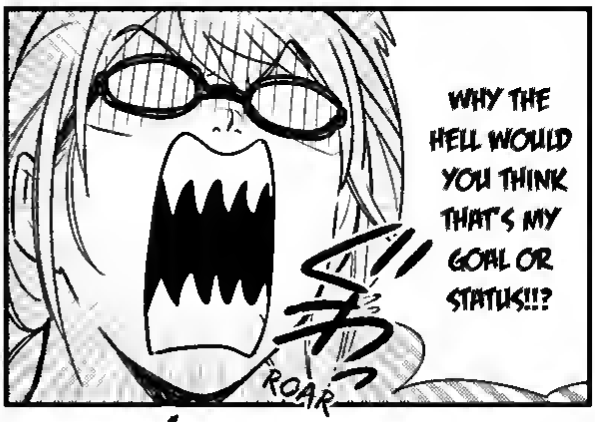
.....

TOTTE?...
No dreams or ambition huh
You once said that you don't really wish for anything, right?

So I don't get why you don't have a boyfriend.
STIFFEN...



Hiii



WHY THE HELL WOULD YOU THINK THAT'S MY GOAL OR STATUS!!?
ROAR

I'm sorry, please calm down!!
Wait, did I hit the bulls-eye Tamaki!?
SOMEONE OUGHT TO BEAT YOU INTO SHAPE!!!
THE REASON YOU'RE NO GOOD IS BECAUSE YOU THINK LIKE THIS.

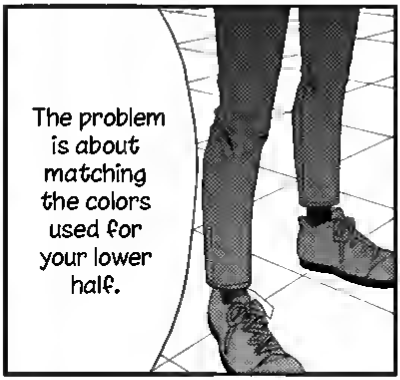
Converse All-Star (Black)



In chapter 4, the "lower-half color matching technique" has made its appearance.

Tamaki confidently recommended Yuusuke a pair of all-black Converse. When combined with black pants and black socks, the dividing line between your pants and your shoes becomes really hard to notice. Doing this will make your leg looks look slightly longer.

On that note, the "hiding the dividing line" technique is fundamental in the art of lengthening your body. Matching the colors of your underwear and your pants, hiding the beginning point of your hips, and not showing where your legs start can all make your legs look longer. This "hiding the dividing line" technique has a lot of applications in reality. Try out some different combinations yourself.

Also, while its black coloring was important, it was not the only reason why Tamaki chose the Converse All-Stars. The volume mass of the shoe was also taken into consideration. Large, bulky shoes are very intrusive and diminish the lengthening effect. Compared to other sneakers, the Converse All-Stars have a sharp and slender shape, which enhance the lengthening effect by blending in with the rest of the leg seamlessly. These shoes are also widely available at a reasonable price. Converse All-Stars are a favorite amongst pros and beginners alike, as a basic pair of sneakers since their inception. There is no other shoe as perfectly suited for starting out.
